PROFESSIONAL SUMMARY

Software Engineering undergraduate with hands-on experience in **frontend and full-stack web application development** using **React.JS, Next.JS, Firebase, JavaScript, and REST API integration**. Experienced in building **scalable Progressive Web Applications (PWAs), cloud-connected dashboards, machine learning and IoT-integrated smart monitoring systems**. I am currently working as an Intern Software Engineer, contributing to modern software engineering teams and building industry experience.

CORE COMPETENCIES

- Frontend Web Development (React, Tailwind CSS)
- Full-Stack Application Development
- Progressive Web Application (PWA) Development
- REST API Integration
- Firebase Cloud Integration
- UI/UX Focused Interface Development
- IoT-Integrated Smart Systems
- Real-Time Data Processing Applications

TECHNICAL SKILLS

Programming: JavaScript, Java, Python, PHP, C/C#

Frontend: React.JS, Next.JS, HTML5, CSS3, Tailwind CSS, Vite

Backend & Cloud: Node.JS, Nest.JS, JavaScript, Firestore Database & Storage, REST APIs

Databases: MySQL, MongoDB, Firebase Firestore

Tools: Git, GitHub, VS Code, IntelliJ IDEA, Android Studio, Netlify, Figma

PROFESSIONAL EXPERIENCE

Innovior (Pvt) Ltd

Full Stack Developer Intern (May 2026 – Present)

- Currently contributing full-stack software development projects and working on real-world applications.
- Developing frontend applications using Next.js and backend services using Nest.JS.
- Working with MongoDB for database operations and AWS S3 for cloud storage solutions.
- Developing and integrating RESTful APIs for application functionality.
- Creating UI/UX designs and prototypes using Figma

PROJECTS

SoundWave – Full-Stack Music Streaming Progressive Web Application

- Developed **Spotify-inspired Progressive Web App** using **React, Firebase, Tailwind CSS, and Howler.js**
- Integrated **with using various types of APIs**
- Implemented **equalizer controls, spatial audio, create playlist, Music for mood fixing and queue system**
- Designed **admin dashboard for managing users, songs, analytics, and uploads**
- Built recommendation engine using listening behavior and genre-based scoring

Supermarket Management System Web Application

- Developed **full-stack supermarket system** using **React, Firebase Authentication, Firestore, and Storage**
- Implemented **product browsing, filtering, Wishlist, cart, checkout workflow**
- Built **admin dashboard supporting product/category CRUD and order tracking**
- Designed responsive UI with dark mode support

AgroSmart – Smart Agriculture Monitoring System

- Developed **IoT-based smart agriculture monitoring system** integrating **environmental sensors**
- Built **real-time dashboard for temperature, humidity, soil moisture monitoring**
- Implemented **smart irrigation logic** using **sensor threshold automation**
- Explored AI-based crop recommendation insights

AgroSmart 2.0 – AR-Based Smart Agriculture Monitoring and Visualization Platform

- Enhanced **AgroSmart** using interactive **real-time visualization dashboards**
- Designed **data-driven monitoring interfaces for environmental condition tracking**
- Integrated **analytics-based crop recommendation modules**
- Improved usability using **advanced visualization techniques**

EDUCATION

BSc (Hons) Computer Science (Reading)

Higher National Diploma in Software Engineering (2025-2026)

National Institute of Business Management, Kandy

Diploma in Software Engineering (2024-2025)

National Institute of Business Management, Kandy

GCE Advanced Level – Physical Science Stream (2023/2024)

Dharmaraja College, Kandy

GCE Ordinary Level (2020)

Dharmaraja College, Kandy

EXTRA-CURRICULAR ACTIVITIES

Sports

- Member of Cricket Team - NIBM
- U15 Cricket – Dharmaraja College Kandy
- U19 Baseball – Dharmaraja College Kandy

Clubs & Societies

- Committee Member – IT Society, NIBM

Events & Organizing

- Organizing Team – Robotics Events, CYBOTS, Gaming Events and more

Hobbies & Interests

- Watching Movies
- Listening to Music
- Gaming
